## WALL-MOUNTED LIGHTS

# THE HAWTHORNE

## OLD-FASHIONED SCONCE

This small sized modern farmhouse light is full of character and purpose. The Hawthorne is comparable to the size of a barn lighting sconce or hallway light which can be used to illuminate walkways and accent walls or as the perfect addition to your modern farmhouse style. The Hawthorne is a sturdy fixture that comes standard with an 8" dome.

The Hawthorne is most commonly used as a porchlight or shedlight. It's the smallest wall-hung light that we offer and fits really well on exteriors as well as vanity and accent lighting indoors. The Hawthorne's size, plus several customization options makes this light tailored to fit all color schemes and designs.

# THE WESTCHESTER

## THE INDUSTRIAL STANDARD

This medium-sized industrial wall light is comparable to the size of a large mixing bowl and serves up ample character to match. This light is our most flexible size as it can work in smaller or larger spaces and fits very well indoors! The Westchester is a sturdy fixture that comes standard with a 12" dome.

The Westchester is one of the most versatile lights that we sell. Whether you want to update your porch lighting, vanity lighting or the exterior of your garage or barn, the Westchester can make any space have a little more uniqueness and old-fashioned flare.

## THE GARDENA

### BEST-SELLING BARN LIGHT

This large sized classic farmhouse style wall light is the quintessential look, shape and size to make all your barn light dreams come true. The Gardena is our most popular, and generally what most people imagine when they hear “farmhouse” or “barn lighting,” though it can be used in a million different ways, however you see fit.

The Gardena is most commonly used to light up doorways, porches, barnsides and sheds. Though you can use The Gardena indoors, due to its size, it is more frequently utilized as an exterior light.

## THE REDONDO

### THE KING BARN LIGHT

Our largest industrial barn house lighting fixture has a big presence and can make an even bigger statement when added to your story! This sizable favorite really shines in providing ample light when installed at least 15 feet off the ground. The Redondo is a large barn light with sturdy construction that comes standard with a 20" dome.

Although the Redondo can be used for porch and garage lighting, due to its size, we've found that the best use is for peaks of barns or houses. The sizable 20" dome helps tie together the design of an old-fashioned house, barn, or shed.

(CEILING-MOUNTED VERSION AT PAGE 29)

## THE VENICE

### THE RUSTIC ACCENT LIGHT

Our only industrial barn house lighting fixture that provides light directed back toward the surface it's attached to; The Venice is as unique as it is useful and precise. This small sign light is the perfect shape to draw attention to artwork and signage in restaurants, grocery stores, breweries, and yes – even the address numbers on the side of your home! The Venice is a sturdy fixture that comes standard with an angled 9” dome.

The Venice is one of our favorites! It's a very unique light that has found itself included in everything from theme parks to the homes of devout farmhouse designers. Like all of our lighting, The Venice works flawlessly between interior and exterior applications.

# THE TOPANGA

## MODERN FARMHOUSE FIXTURE

This vintage gas station light is a total crowd pleaser and it is the perfect shape for any spot you choose to add to your story! The Topanga is very durable, comes standard with a 14" dome and lots of character. It's most commonly used as an exterior light on garages, porches and barns. However, it fits really well on the interior of barns and sheds, or in the house to highlight wall decor.

The Topanga has smooth, rounded edges that helps it blend into any environment, while still making a statement. We're proud of the Topanga for its warmth, versatility and character.

# THE CARSON

## THE FARMHOUSE PENDENT

The Carson is our overhead version of our most popular light, The Gardena, and generally what most people imagine when they hear “farmhouse” or “barn lighting”. The Carson is a sturdy fixture that comes standard with a 16” dome and a rigid, galvanized stem that can be customized for nearly any spot you have in mind.

When you’re crafting a space full of quality and character, this large warehouse pendant light can stand out on its own, or confidently pull everything together in style. The Carson is our top-selling pendent and will draw a lot of attention to the unique space you design.
